USE BEET SUGAR! IS PLEA ISSUED BY INDUSTRY

Special Representative Here
Seeking Support From
Glendale Interests

E. J. Myer, Jr., special representative of the Southern California sugar industry, is in Glendale today soliciting the support of local merchants, the high school domestic science department, the Chamber of Commerce, Merchants' association and other interests in promoting the use of beet sugar during the preserving season.

Mr. Myer states that beet sugar business in this section is languishing because housewives and canners labor under the impression that cane sugar is essential. This he denies and quotes reports of the University of California to prove that spoilage results from insufficient sterilization.

Claims Improvement
"In the olden days of the beet sugar industry it was true that the consistency of syrup was not as good when the local product was used, but new methods of refining eliminate the imperfections."

The reason the refiners are anxious to sell their product at home is due to the fact that making profitable competition in the east is impossible. However, by selling here the beet growers, of which there are many, reap the benefits by a higher price.

"Unless we can convince the people that they should patronize home industry," said Mr. Myer, "the growers will have to raise themselves above the beet and the refiners will be dismantled. This will lose large payoffs to southern California."

C. of C. Takes Action
The Glendale Chamber of Commerce already has indicated the resolution passed by the Los Angeles Chamber on this subject and it is noted that the San Fernando valley already has lost a beet sugar refinery because of low prices for beets prior to the war.

It is pointed out that the sugar industry is not asking a higher price, it is simply seeking the favor of the housewife and canner. The following is quoted from the University of California bulletin on Cane Sugar vs. Beet Sugar:

"We have used this (beet sugar) very largely in our work for the past four or five years, using it almost exclusively in our fruit department, and we put up as fine goods as can be made. We think that alone speaks well for beet sugar. While it will not cook quite as white as the cane sugar and boils easier, yet with most goods we find it is fully as good as the cane sugar."

Police Seek Claws to Theatre Robbers

The Glendale police department is making every effort to trace the safe crackers who looted the Glendale Theatre early Monday morning of its \$700 cash receipts for the week-end. They have the cooperation of all southern California cities, the William J. Burns International Detective agency and other investigators.

Suspicious persons are being rounded up today with a view of solving many petty thefts reported the first of the week, but, as far as the safe robbers are concerned, it is believed they were professionals who will not visit the city again for some time to come. The advertisements of Glendale's great prosperity are said to be attractions for crooks.

Councilman Davis Mayor of Glendale

And now it's Sam A. Davis, mayor of the city of Glendale! Of course, the councilman is only mayor pro tem, yet folks are calling him Mayor Davis and he doesn't object. In fact, he rather likes it—he says so himself.

Mayor Spencer Robinson is in San Francisco singing the praises of Glendale at the national realty gathering—that's how Councilman Davis happened to be "elected" by the council to serve as mayor. He presided at the meeting of the city council Monday night and got away with it very nicely, so the other councilmen said.

OPEN NEW LUNCH ROOM

The Green Hill Lunch Room at 463 West Los Feliz Road is receiving many compliments on account of its attractiveness. Mr. and Mrs. George Pearce of 453 West Windsor Road are the proprietors of this new "eatery." Those who have enjoyed the noon menu prepared by Mrs. Pearce declare that she is "some cook." All pies and cakes served are home-made. Liquid refreshments from the Green Hill beverage plant are always on tap.

REASON TO CELEBRATE

The Glendale postoffice will celebrate the Fourth of July in their new quarters, according to Postmaster D. Ripley Jackson. Who states that the new quarters in the Ralphs Block on West Broadway will be ready for occupancy on July 1. The move will be made on Sunday, July 2, in order that service will be maintained as usual.

Councilman Davis Eats Crow! Stops Big Morning Noise

Councilman Sam A. Davis is an obliging neighbor. If you doubt the assertion ask the councilman to relate the untimely destruction of his pet rooster who was disturbing the slumbers of the man next door. Recently Mr. Neighbor leaned across the fence and asked the councilman what he would take for the rooster. Davis became curious and wanted to know why he wanted to buy him.

Then the neighbor recited how as early as 4:30 a. m. the feathered creature awakened him with his calls.

It wasn't very long before the Davis' table was decorated with what was left of the "crowing" and thus ended another story "from crow to garbage."

Now, then, bring on another rooster tale!

FRED DEAL IN HUNT FOR SNAILS; WHY? READ ON!

**Puts 'Em In Pail, Places
Salt Around Them and
Then—Read On!**

"Watcha doin'?" says a neighbor to Fred Deal, manager of the Pacific Telephone and Telegraph Company office here, who resides at 237 North Louise street.

He was digging around the front yard in the dark of night, using a flashlight and a funny looking old bucket.

"Lost somethin'?" says the congenial caller who was insistent on finding out whether Mr. Deal was looking for an honest man, a misplaced dollar or buried treasure—hooch.

"No, but I am finding something," said Mr. Deal. "Look what I got here."

There were more than 100 snails in the bucket and he was harvesting them from around tender plants in his flower garden.

"These pests come out at night and eat a whole garden," he explained. "There's a lot of them this year."

"What do you do with them?" asks the neighbor, who possibly thought the Chinese used them in chop suey.

"A little salt makes quick work of a snail," said Mr. Deal. "Get a pail full of them, sprinkle a little salt among them and watch what happens. Looks like a bromo seltzer sizzling away. The snails turn to water and all you have left is its shell."

"Gee, ain't nature grand," commented his neighbor as he walked away to see if there were any snails in the flower garden at his home.

J. A. Newton Store Employees on Picnic

The picnic at Redondo Beach yesterday of the employees of the J. A. Newton Electric company and their families, numbering in all fifty-four, proved to be a great success. The party left the Newton Electric company office at 8:30 o'clock by automobile for the beach city, after having their picnic taken, taking with them a quantity of Glendale made ice cream and soda pop. The greater part of the morning was spent in the plunge.

A bountiful picnic lunch was enjoyed at noon, with all kinds of good eats in large quantities. In the afternoon the party motored to Hermosa Beach. Here a baseball game was staged between the store and office force against the wiring and fixture department, resulting in a score of 7 to 4. Ole Andersen acted as umpire. Other events of the afternoon included: 25-yard race for women, first prize being awarded to Mrs. A. W. Van Loon; tube race for men, using electrical tubes, first prize, Harry McClellis; 100-yard dash for men, first prize, Chester Weaver; 25-yard dash for barefoot girls, won by Mrs. W. L. Hyde; 50-yard handicap race for children, first prize won by Howard Van Loon. Each child attending the picnic was awarded a souvenir. J. A. Newton was master of ceremonies and judged the race.

When questioned regarding a bathing suit parade, those who attended the picnic stated that there were so many beautiful bathing suits that it was impossible to award a prize to any special one. The party returned to Glendale about 7:30 o'clock after what they declared had been a "perfect day."

Friends of Mr. and Mrs. A. P. Torrey, of 510 E. Harvard street, who left Glendale about a month ago to visit in the east, have received word from them in letters boosting Glendale. Mrs. Torrey is now in Kansas City and later joined Mr. Torrey at Flint, Michigan, where they are now visiting his brother, James M. Torrey, 716 Stockton street.

Mr. Torrey states that after an absence of thirty-four years, they found many changes in Flint, which has grown from a village of 8,000 to a city of 100,000, and is now the home of the Buick, Daimler, Chevrolet and Patterson automobile factories. He also says:

"The people have been very kind to us, and even nature furnished us with a Fourth of July celebration, with thunder roaring and lightning crashing. However, we prefer a California celebration."

Referring again to the rapid progress of Glendale, Mr. Torrey requested that The Glendale Evening News be sent to him as he did not care to be classed as a "tenderfoot" when he returns to this city in about a month.

It was a tired and sunburned bunch of boys who returned to their homes in this city on Monday night from Santa Barbara county, where they enjoyed a three days' camping and outing trip. The group, all of whom are members of the senior class at Glendale High school, consisted of Maynard Toll, Don Cameron, Robert Lindsay, Walter McManus, Lee Payne and Newton McGillis.

The trip, which was made in two machines, took the youthful campers to a point on the beach about fifty miles north of Santa Barbara, where they established a camp twenty miles from the nearest town. The time was enjoyed in swimming and hiking.

TEN MILLION DOLLAR CROPS IN GREAT DANGER

VISALLA, Cal., May 31.—The odds today were heavily stacked and rising hourly on California's greatest crop gamble, with the farmers on the short, as for the first time in years, the flood waters of the Kern began to creep into the bed of what was once Tulare lake, inundating the rich fields of wheat which were expected to yield a crop approximately \$10,000,000 in value. Annually the rich lands of the Tulare lake basin are planted in wheat on the gamble that the flood waters when the mountain snows melt will not reach high enough to flood the old lake bed. Already fifty sections of land are flooded despite the desperate efforts of 350 men to strengthen levees. The loss to date is estimated at half a million dollars.

Serves Throughout Civil War; Name Is Not Upon Roll

Memorial Day services yesterday were observed with special interest by Gabe W. Cox of 1425 South Central avenue, who has always regretted that he is not eligible to membership in the Grand Army of the Republic.

When the Civil War broke out, Mr. Cox was 10 years of age. His father, S. P. Cox, was colonel of the First Missouri cavalry.

The lad immediately attached himself to this regiment and remained with it until the very end of the war.

His father, however, would not permit him to be officially mustered into service and he received no pay for his labor. For this reason his name is not on the roll of veterans.

"Marche Funebre" by Chopin was played by the band as the procession marched into the cemetery. During the program, it played several selections.

G. A. R. Services

The G. A. R. ritualistic service was under the direction of Thomas Barrett of 364 West Wilson avenue, patriotic instructor of the N. P. R. R. post.

"Comrades, the duty of today is of impressive significance," stated Commander George F. LeClair of Eagle Rock. "We meet to honor our dead and to deepen our reverence for their worth; to strengthen among ourselves the bond of fraternity by recalling the memory of experiences common to us all; to encourage a more generous charity for our comrades who are sick or in distress and for the destitute wards of the Grand Army; to renew our pledge of loyalty to our country and our flag and to emphasize in the minds and hearts of all, who may unite with us, the privilege and duty of patriotism."

"The Orders of the Day" from General John A. Logan under date of 1863 relative to the observance of Memorial Day were read by Adjutant T. H. Clark of Eagle Rock, who closed by mentioning the names of the following comrades of the post for whom taps were sounded during the past year: Thomas Hedges, O. H. Jordan, H. G. Binn, H. Augustus, Dan Culp, T. J. Plummer, G. W. Coffin, J. D. Salyer, C. F. Greenman, W. B. Pratt and S. A. Ayers. The names of the boys who served in the World War and who died last year also were read and included the following: Thomas Hedges, O. H. Jordan, H. Augustus, Dan Culp, T. J. Plummer, G. W. Coffin, J. D. Salyer, C. F. Greenman, William B. Bord, A. H. Gurnsey, William B. Pratt and S. A. Ayers.

Women's Relief Corps

Veterans of the Grand Army of the Republic were followed by members of the Women's Relief Corps. All rode in automobiles to the entrance to Forest Lawn.

The blue banner of the Mary Jane Gullie Camp No. 18, Daughters of Veterans, was borne by Mrs. Alma Dutton of 113 East Laurel street. She was accompanied by the following four members of the camp, each of whom carried a large American flag and later in the program participated in the flag salute: Mrs. Susie Peck, 129 West Los Feliz Road; Miss Audrey Hall, 129 South Maryland avenue; Mrs. Queen Danner, 1621 Cardena avenue, and Mrs. Pearl Moore, 1259 South Maryland avenue.

The Spanish War Veterans were led by their commander, Captain W. H. Reeves. The parade was their first public appearance since the organization was formed a short time ago.

Well for Citizenship

"It speaks well, indeed, for the citizenship of this splendid city and the manner in which our people have turned aside from their usual avocations to pay a tribute of their respect to those who fought to preserve this great union of ours," declared Captain W. H. Reeves who read Col. Robert G. Ingersoll's masterpiece, "A Memorial Day Vision."

The American Legion was represented on the program by Commander Joseph F. McBryde, who did not give the speech he had prepared on account of the lateness of the hour. He reminded the audience of the thousands of American boys buried on foreign soil and those who have been returned to this country for burial.

A pledge to carry forward the ideals of the G. A. R. was taken by the Daughters of Veterans who responded to a flag salute led by Miss Isabel Barrett of 364 West Wilson avenue, member of the Jessie Denton Freeman Camp of Los Angeles.

The invocation from the rostrum and the benediction at the grave were pronounced by Rev. C. R. Norton, chaplain of the American Legion.

Talks on Patriotism

The speaker of the occasion was Jack Soule of Los Angeles who spoke on the subject of patriotism.

"The essence of patriotism lies in a willingness to sacrifice for one's country just as true expression finds expression not in expressions enjoyed, but in good performance," he stated. "Read the words inscribed on the monuments reared by loving hands to the heroes of the past. They do not speak of wealth inherited, nor of honor bought nor of hours of leisure spent but of service done. The strength of the nation does not lie in its fortresses or its navies nor yet in great standing armies, but in a happy and contented citizenship, ever ready to protect for themselves and preserve for posterity the blessings which they enjoy."

The orders as issued by Gen. John A. Logan on May 30, 1868, creating a day to be set aside to reverence the memory of the men who had fallen in the Civil war and to decorate their graves.

Prayer By Rev. Norton

Post Chaplain C. R. Norton, aged and worn, with the aid of crutches, took his place on the platform and, in a clear voice, delivered a prayer for the departed comrades. He pictured the days of the battles between the north and the south and concluded his remarks with a general prayer for all those who had died in the war with Germany.

Mrs. M. Houdysell of the Women's Relief Corps related the part women played in the great conflict.

The Odd Fellows' band of Burbank, under the leadership of Ray Johnson, next rendered a number of patriotic airs after which Commander LeClair introduced R. N. Taylor, officer of the day, who placed the wreath on the grave of the unknown dead.

Burbank Glee Club

The Burbank high school girls' glee club, led by H. S. White, instructor in music at that institution, sang the Battle Hymn of the Republic, at the conclusion of which the names of the members of the G. A. R. of the N. P. Banks post who died in the last year were read by Adjutant Clark and included the following: Thomas Hedges, O. H. Jordan, H. Augustus, Dan Culp, T. J. Plummer, G. W. Coffin, J. D. Salyer, C. F. Greenman, W. B. Pratt and S. A. Ayers.

The names of the boys who served in the World War and who died last year also were read and included the following: Thomas Hedges, O. H. Jordan, H. Augustus, Dan Culp, T. J. Plummer, G. W. Coffin, J. D. Salyer, C. F. Greenman, William B. Bord, A. H. Gurnsey, William B. Pratt and S. A. Ayers.

A tribute to the honored dead was paid by Isabelle Barrett, daughter of the director of the day's ceremonies. Her effort was received with acclaim.

Soldiers Appear

Just before the program opened Company I of the 160th Infantry of the California National Guard paraded into the grounds followed by Troop I of the Boy Scouts of America, of Burbank, led by their commanders, Floyd King and Martin Miller, the latter astride a horse. The boys marched on foot from Burbank to the cemetery.

The program closed with benediction led by Chaplain G. R. Norton who, in a closing remark, introduced Charles Bok, ninety-three-year-old veteran, who responded with the remark that he had hopes of attending many more Memorial Day exercises.

Councilman Sam A. Davis represented the city administration at the services.

Memorial Ceremonies Are Held at Tugunga

Under the auspices of the Monte Vista Post of the American Legion of Tugunga, Memorial Day services were held at Tugunga on Memorial day, Tuesday, May 30. Ceremonies began at 9:30 a. m. with a formal flag raising at Bolton hall, corner of Sunset and El Centro.

Delegations from the Community church and from the grammar school, and the members of the local legion in full uniform and the Tugunga troop Boy Scouts of America participated. They marched in a body to Father Olorum's grave in the new cemetery where services were held.

people and by the people shall not perish from the earth."

Several solos were sung by Madame Constance Balfour and Mrs. John W. Cotton of 1137 San Rafael road.

Lincoln's "Gettysburg Address" was recited by Paul Hutchinson, who will represent Glendale Union high school at the approaching southern California oratorical contest.

Symbolic Service

A symbolic service was held at a mound which was intended to represent the grave of an unknown soldier. Upon it were placed floral tributes. George F. LeClair placed upon it a wreath in behalf of President Warren G. Harding; Judge Victor McLucas of Los Angeles, placed upon it a wreath from Governor W. S. Stephens; R. N. Taylor represented the G. A. R.; Atty. Jos. F. McBryde, the American Legion; Mrs. Robert S. Milligan, the Women's Relief Corps, and Mrs. W. T. Ward, the Brotherhood of American Yeomen.

"This is the national day of memorial," declared George F. LeClair, commander of the N. P. Banks Post of the G. A. R. "The time when in mind and thought our glorious past is made to live again and the noble men who moulded and shaped its destiny, though dead, are to memory once more. It is the hour when a nation awakes to the remembrance of deeds of heroism performed in defence; the day when a loyal people grateful for service rendered their country, unite to honor their patriot dead; to enrich and ennoble their own lives by recalling a public valor and a private worth that are immortal and to encourage by their solemn services a more zealous and abiding patriotism in the heart and life of every American citizen."

Members of the National Guard formed a guard about the grave. At the close of the services a firing squad fired three volleys over the grave and taps were played upon the bugle.

COMMENT THAT'S ALL

Hold to Building Code
About Aerial Transport
Permit to Pluck Yucca
What Untermyer Says

By Gil A. Cowan

MEMORIAL day has passed in the beauty of California's sunshine and flowers and tears with speeches and music befitting the occasion.

Today we must turn our heads toward the living and give unto them that praise they meet. So this comment is addressed to the builders.

It has been said, and rightfully said, that certain contractors are prone to skip their work, resulting in jobs that will not stand the test of time.

This must not be if Glendale is to succeed.

Personally, there comes to recollection a man who left this city because his fireplace was dangerous. He sold out and vowed never to return.

In another home the hardwood floor has buckled two or three inches and dancing in the room is impossible. It seems unsafe to the visitor and gives a decided "black eye" to the quality of construction being done in Glendale.

It is to be expected to hear Building Superintendent E. C. Spaulding insisting that regulations be lived up to the letter. The fact that poor work has been done is reason that something better should be demanded.

The ease with which the army balloon sailed over Glendale yesterday to scatter flowers on the graves of the soldiers makes one believe that the day is not far off when practical aerial transportation will be provided.

In Europe several aerial express lines are operating successfully and passenger flights between London and Paris are nothing uncommon. Of course, there is little to be said for water in crossing Britain or the English channel, it is told, so the quicker the trip the better, probably.

In this country the aerial mail service has been developed to a great extent by the government, but private fliers have not succeeded in commercializing their services. An aviator declared in court the first of the week that his Venice aerodrome did not pay him sufficiently to maintain a \$100 monthly alimony.

It is called to The Glendale Evening News' attention that the state legislature passed a law which makes it a crime to pluck the yucca blooms. The regulation is similar to that applying to holly berries. One must have a permit from the owner of the property on which it is growing to take that which they wish. If the yucca or holly is to be found on the public domain, a permit from the county or national forester must be obtained, it is said.

The following pertinent comment is reprinted from the Hollywood Daily Citizen:

"The letter from Samuel Untermyer, New York attorney, read into the records of the United States Senate recently by Senator La Follette is not at all pleasing to this country's citizens, though its contents may not be believed by all."

Untermyer charges that the Department of Justice is under the control of the banking firm of J. P. Morgan & Co., and that corporations over which Morgan & Co. exercise financial control are enabled to do what they please without regard to law.

"That's a serious charge to be placed in the records of the country."

"It is especially serious in view of the other charges that have been made against the Department of Justice by Republican members of the House."

"It is well enough for the citizens in civil life to make such opinions as he likes about the government."

"The country concerns itself not over such."

"But when charges are placed on record in the highest legislative bodies it is then time, it seems, for impeachment proceedings that would bring out the truth or untruth of the charges."

"Such charges cannot for the safety of our government be ignored."

Urges Arrests For Destroying Yuccas

Owners of foothill lands are complaining bitterly of the custom of autoists carrying off the blooming yuccas, which are regarded among the most beautiful of all California wild flowers.

During Sunday many of the yuccas were cut down on the hills in and around Verdugo, taken home by auto parties and, as one owner put it, allowed to die within forty-eight hours.

Leon Wilson of Ocean View avenue, La Crescenta, remarked yesterday that the laws provide for the arrest and conviction of any person or persons found cutting down one of the yuccas or even having it in his possession. He said that if the various town marshals or deputy sheriffs or even the police of Glendale would arrest those found with yuccas in their possession the ruinous and foolish habit of destroying the beautiful wild flowers would stop.

Wilson said that if the flowers were allowed to bloom forth they would add much to the attractiveness of the mountains hereabouts and give much pleasure to the eastern tourists who come within our midst and who enjoy the grandeur of the yucca.

Others who were of the same opinion commented upon the situation and in all likelihood some action will be suggested to the patrol authorities of this section of the country.

PREPARE PROGRAM FOR OCCIDENTAL CEREMONIES

Dr. Bird to Give Address
At Patterson Stadium;
Bank at Eagle Rock

Commencement week at Occidental College will be observed during the week of June 4 to 10, the first event being the baccalaureate sermon delivered by Dr. Remsen DuBois Bird at 4:30 p. m. at Patterson stadium.

On Thursday of the following week the class play will be presented by the Seniors, at the Franklin High school auditorium. The popular 3-act drama, "The Mouse Trap" will be rendered by an experienced coterie of players.

The program for Class Day, Friday, June 9, will include the progression of classes, presentation of class picture, class gift and class colors, class history, poem and prophecy. Following these exercises in Alumni Hall, the Ivy procession and tree planting will take place on the campus.

On Friday evening the new president's home will be opened at the president's reception, arranged for 8 o'clock.

The commencement exercises this year are to take place on Saturday morning, in order to make way for the inauguration of President Bird in the afternoon. The graduation exercises are scheduled for 9 a. m. The usual orations will take place on the campus.

New Bank Proposed

Eagle Rock will have a new state bank to be located in the rapidly developing eastern end of that city. Jonathan S. Dodge, state superintendent of banks, has granted permission to H. E. Barnum and B. F. Ruddick for the establishment of a state bank with a capitalization of \$100,000.

This will permanently establish the east end as a full fledged business district, it is said. The business lots on the north side of the street in Dahlia Heights tract have all been sold and one and two-story blocks will be built shortly. On the corner of Townsend and Colorado boulevard in this tract is where the bank will be located. Two lots have been bought and are being held by a large moving picture syndicate so that when this end warrants a picture show they can have one.

There are now about 2200 people in the east end of town and a glance at the vacant property gives one some idea of the chance for development.

At present Mr. Barnum is working on the proposed street car extension over to the Garvanza line. If this can be accomplished it will give Eagle Rock a big boost.

Glendale To Give Trip To Rotarians

Secretary James M. Rhoades of the Glendale Chamber of Commerce and member of the Rotary club, personally invited every district governor of the International Association to advertise the fact that Glendale will provide a trip for all visiting Rotarians the fore part of convention week. He has received several responses accepting tentatively the hospitality of this city. He is asking that all members of the chamber who can donate cars for a day to inform him and get the details.

The osprey, or fishhawk, the largest hawk, is almost as impressive on the wing as the eagle.

Mrs. E. C. Bickwell of San Francisco, accompanied by her daughter, Mrs. Ethel Williams of Glendale, were visitors with Glendale friends and relatives on Tuesday. Mrs. Bickwell is spending several weeks visiting with her daughter in Los Angeles.

Mr. Joseph Wagner of 416 West Myrtle street had as her guests last week Mrs. Nan Neppach of Oakland and Miss Casey of Los Angeles. She will have as her guest later in the week Mr. and Mrs. Carl J. Neppach and son of Portland Oregon.

Mr. and Mrs. E. A. Augustin have purchased a home at 413 East Raleigh street and with their son-in-law and daughter, Mr. and Mrs. R. D. Angelica are planning to move about the first of June. Mr. and Mrs. Augustin are at present residing with Mr. and Mrs. Angelica at 712 North Maryland avenue.

W. J. Fleener, father of Mrs. George B. Pratt of 356 Myrtle street, left Saturday on a five months' visit in the east. He will stop at the Grand Canyon, Kansas City, Indiana, Chicago, Niagara Falls, Minneapolis, Iowa, Montana and will return by way of Seattle, Portland and San Francisco.

Mr. and Mrs. C. F. Parker of 221 North Central avenue had as luncheon guests yesterday Mr. and Mrs. M. A. St. Clair of Walnut, Mr. and Mrs. Arthur St. Clair of Azusa and Mr. and Mrs. H. W. Jeffrey and daughter all of whom are relatives of Mrs. Parker. In the afternoon they attended the Memorial Day services at Forest Lawn.

Albert Stratton, formerly of Vancouver, B. C., and now residing in Venice, Calif., was a visitor in Glendale yesterday with members of his family. It was the first time the Strattons had been here and were so delighted with the situation of the city and its environs that there is a probability of their locating here, if what Mr. Stratton had to say is a criterion.

Wesley Kuhnle, F. A. G. O., pianist and teacher, of 111 West Maple avenue, Glendale, is planning to hold a piano recital at his home Sunday afternoon, June 4, at 4 o'clock. The program will include Mozart's "Sonata in A Major," Douglas' "Scherzo" for two pianos, and Schumann's "Concerto, A Minor, Opus 54." Mr. Kuhnle will be assisted by Miss Winifred Hooke, pianists, and Ernest Douglas, composer-pianist.

A party of ten who returned last night from a fishing trip over the week-end to Big Bear included Mr. and Mrs. W. R. Vanderwood and daughter Jean of 519 North Kenwood street, Mr. and Mrs. Wykoff, Mrs. Holmes and son Robert of Los Angeles, Mr. and Mrs. Charles Pfoutz, and nephew, Orville Burns. A large number of fish were caught. The trip to Big Bear was made by way of Mill Creek, returning by way of Victorville.

HERE'S TRUE ONE; IT'S ABOUT FISH

J. M. Wilson Tells About
That Thrilling Outing
By Ford Party

"Fish!" exclaimed J. M. Wilson yesterday at 1738 South San Fernando road in the Southern Glendale store of the Wilson-Bell Hardware company.
"We got enough of 'em to last a week," he continued, referring to the ocean fishing party of which he was a member Sunday. No, he wasn't calling names.
The local Ford agency was largely represented among those present. But the excursion was made in "The Moonlight"—not in a Ford. However, after the sea got "wruf" the party didn't care to stay out to see the moon come up and began yelling for an island. Tom Smith couldn't find an island handy, but he did find a nice salty rhubarb pie which he found made excellent bait.
Among the "fish feeders" were Herman Nelson, who left his dignity behind at the Glendale Branch of the Los Angeles Trust and Savings Bank; Jesse E. Smith, Jack Root and Val Wilson, who is known as "Woodrow."
A. J. Sullivan returned to shore with a flaming dose of sunburn and a vivid tale of a hair-breadth escape from a giant barracuda who went "manning" and bit him.
The sport was divided between fishing and shooting. Besides other things, whale were shot—at. Several still insist that they spotted the fins of one.
The catch included about nineteen large barracuda and four minnows.
Others in the party were "Bobbie" Rodgers, Carl Weise, Arthur Campbell, "Bob" Ritchie, "Jimmie" Blaine, R. A. Foster, "Bill" Foster, "Mike" Fox, "Herb" Graham, J. Gillet, "Walt" Hooten, "Al" Land, "Dick" Blake, Frank Conroy, Harry Mair, Hugh McClelland and Harvey Clark.
J. M. Wilson of the Wilson-Bell Hardware company is said to have been the best sailor in the party.

Mahogany Granite To Be Brought Here

Mahogany granite has been selected by the Marshall Field estate as the material to be used in its family memorial in Graceland cemetery, Chicago.
The fact that this type of granite was chosen in preference to all others is significant in the opinion of C. H. Ambrosch, proprietor of the establishment at 1727 South Brand boulevard known as the Glendale Monument Works.
The American Granite company of Wisconsin, sole handlers of mahogany granite is now represented in this county exclusively by Mr. Ambrosch.
The company's plant burned down in March. This has caused a little delay in the filling of orders. However, Mr. Ambrosch hopes to receive a carload of this granite for distribution in a month or six weeks.

Adventist Delegates Visitors in Glendale

Taking advantage of the opportunity to visit various points of interest following the Adventist convention, recently held in San Francisco, a number of delegates who have friends in Glendale visited here a few days ago and expressed themselves delighted with the beauties of the city.
In the party, who were guests of Mrs. Helen B. Rinearson of 331 West Patterson avenue, were the Rev. and Mrs. Sidney N. Ritenhouse of Tacoma, Wash.; Charles Rittenhouse of Baker, Ore.; E. A. Westmoreland, Aberdeen, Wash.; and the Rev. C. A. Purdon of Mollalla, Ore.
Automobile trips throughout this section of the state featured the stay of the party which hopes to return here for a longer stay at some future time.

CHECK IS WORTHLESS

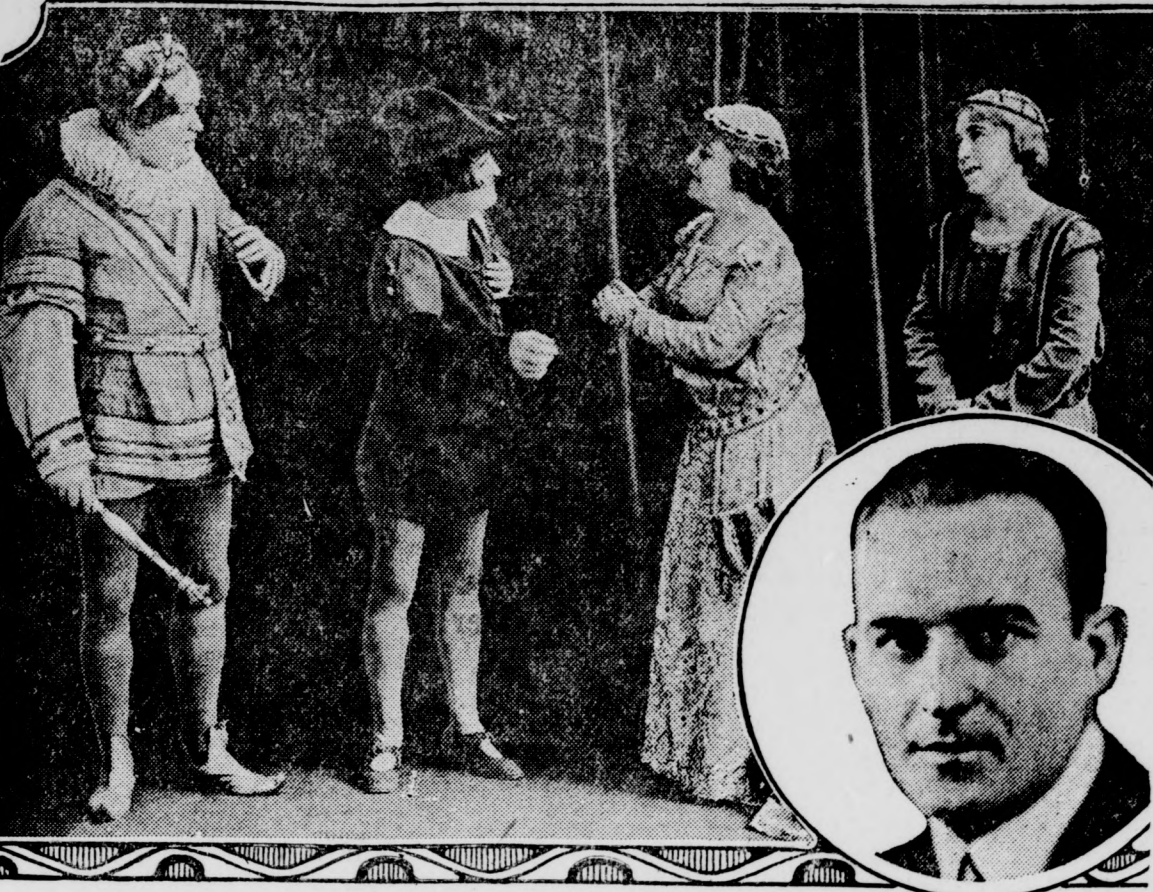

The worthless check for \$23 is being mourned by George H. McLean, proprietor of the establishment at 1526 South San Fernando road known as the Triangle Garage. He accepted the check several weeks ago in payment for a \$4 inner tube and returned \$19 in cash as change. He has just assured himself that it is worthless. The check was made out to D. D. Leonard by Thomas L. Woodard. Both names are believed to be fictitious.

GEORGE KARR AT BEACH
George B. Karr and family of 1150 North Louise street visited Long Beach Sunday where several of them went bathing. Mr. Karr is the manager of the factory at 1725 South Brand boulevard owned by the Baldwin Shirt company.

MASCOT OF GLENDALE
Little Roy Brenkman of 1524 South San Fernando road, who is known as "the mascot of Southern Glendale," enjoyed Sunday afternoon on the sand at Long Beach. He was accompanied by his parents, Mr. and Mrs. C. L. Brenkman.

DROWNS EATING NOISE
Jazz has been added to the menu of the Gateway Lunch Room. The Victrola is said to add quite a zest to the lunch hour. Walter Buttery says the question now is: "How will you have your music—with or without food?"
The owl parrot of the South Pacific Islands rarely flies.

Chautauqua Closes Tonight With Gilvan Opera Treat

"Ruddygore" means just what it says—but there isn't half as much blood and thunder in this delightful opera as one might imagine. In fact, it's a typical Gilbert and Sullivan Opera, and there are more laughs than anything else in it. There are five brilliant artists in the Gilvan company: Martha Cook, soprano; Hazel Huntley, contralto; Tom Morris, baritone; Thornley Jobe, tenor, and Harrison Burch, pianist and accompanist. A miscellaneous program of standard musical numbers will be given this afternoon. In the evening "Ruddygore" will be preceded by an offering of costumed classics—concert, oratorio and operatic arrangements for solos, duets, trios and quartets.

SERVICE SLOGAN PARK PHARMACY

E. E. Brown Makes Every
Effort to Give People
Full Satisfaction

Service is mentioned three times in the advertisement of the Park Avenue Pharmacy, which E. E. Brown conducts at the busy business center at Park avenue and Brand boulevard.
Personally, Mr. Brown radiates service. There is nothing too small for him to deliver in his own motor car when the boy isn't around. And Mr. Brown always is on the job, too.
Employing an expert registered pharmacist and two others to assist with the city-wide patronage he has built up, Mr. Brown has forced the community store into a contender for business in all parts of Glendale, as his receipts indicate it must be.
By maintaining a motorcycle and motor car delivery and giving particular attention to the proper compounding of prescriptions, Mr. Brown's customers are assured service that is equal to any and better than most.

THEY SEE RED DEVIL

The Gateway Market was advertised in Long Beach, Santa Monica and way stops Sunday by Tom Rogan and Fred Forrest of the grocery department. They enjoyed an outing in the firm's delivery car—which is known as "The Red Devil."

RETURNS FROM OUTING

Mr. and Mrs. Robert Frank of 1531 South Central avenue returned Sunday after a three day fishing trip at Bear Valley. They reported fishing excellent but their neighbors say that they haven't seen any fish.

IS NEURALGIA SUFFERER

C. H. Ambrosch of 844 North Pacific avenue has been suffering from neuralgia lately. He is the proprietor of the establishment at 1727 South Brand boulevard known as the Glendale Monument Works.

Trip; Wild Flowers in
Great Profusion

The conclusion of the Junior Chautauqua will be held this afternoon with a playground festival. The prelude to the afternoon entertainment will be given by the Gilvan Opera company, who will also give the grand closing concert this evening. They will give a brilliant vocal entertainment, featuring light opera in costume.
The personnel of the Gilvan Opera company includes: Hazel Huntley, contralto; Martha Cook, soprano; Thornley Jobe, tenor; Tom Harris, bass, and Harrison Burch, accompanist.
Monday afternoon the Watteau girls gave a fun-making program and in the evening the play "Capricious Kicks" was presented by the Percival players. Many considered this number the best on the Chautauqua program.
Tuesday afternoon, Electra Platt and Vernon Stone gave an entertainment and J. C. Herberman lectured on "Life's Balance Sheet."
Last night Electra Platt and Vernon Stone entertained and the lecture was by Dr. Elmer L. Williams, known as the "Fighting Parson" of Chicago.
The audience paid a fine tribute to Dr. Williams. When he reached a point in his lecture where he might close, Mrs. T. B. Thatcher, director, asked if the people desired more. There were shouts of "Go ahead!" and Dr. Williams continued.
The closing entertainment tonight is certain to please and it is predicted that a record crowd will be in attendance.

VISIT AT LONG BEACH

Mr. and Mrs. T. B. Reavis and their two children "Bobbie" and Walter, Mrs. A. M. Terrill and Mrs. Flora Newland, all of 1255 South Glendale avenue, spent a pleasant Sunday at Long Beach. Mr. Reavis is proprietor of the paint store at 1528 South San Fernando road.

Tagging All Bases
The Babe became somewhat cooler when he unlimbered two singles in the morning game which the Yanks won and a homer in the afternoon game which the Yanks lost.

The Dodgers snapped out of it long enough to sock the Braves a double sock and thus moved into the first division while the Braves sank into seventh place.

The Cubs and Cardinals exchanged outfielders, Max Flack and Clifton Heathcot, and then the Cubs went out and won a double bill.

The Giants got 24 runs and 43 hits against the Phillies, yet merely managed to break even on the day.

The Indians did a lofty dive into fifth place by dropping a pair to the White Sox.

With Cobb and Heilman set down by official edict for ruffling an umpire's feelings and Blue ill, the Tigers pulled out an even break on the day with the Browns.

KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat; but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities. Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism.—Advertisement.

Says Landis Rulings Entirely Too Harsh

LOS ANGELES, May 31.—Claiming that the rulings of High Commissioner K. M. Landis are too harsh, J. H. Patrick, president of the Los Angeles baseball club telegraphed William Wrigley, Jr., asking him to visit Judge Landis in Chicago and intercede for the Portland officials. "I have not seen all the facts in the case," Patrick admitted, "but my sympathies are with Klepper and Kenworthy. "Judge Landis must have given his rulings without getting sufficient evidence. His rulings undoubtedly will put the Portland club out of the running and kill that city in a baseball way. "As for the holding of a meeting of the coast league directors at Portland, I am in favor of that move, or any other move that will give the Portland men justice."

Captain Cuttle Wins Epsom Downs Derby

EPSOM DOWNS England May 31.—Lord Woolavington's three-year-old Captain Cuttle, one of the favorites in the betting, won the classic derby on the historic Epsom Downs race course today. Tamar ran second and Craig-an-Gower third. There were no American entries.

Jimmy Murphy Is Winner of Classic

INDIANAPOLIS, May 31.—Jimmy Murphy won yesterday's 500-mile race at the Indianapolis speedway. That much was certain today. But that he did not win all the 200 laps appeared equally certain. Official announcements and equally official counter announcements in the press pagoda during the race variously had Murphy winning all the laps. Harry Hartz some of them and Peter De Paolo coping some. It requires a small army of checkers to tally the speeding cars and errors admittedly are not hard to make. What today appears to be a final rechecking gives Murphy all laps except those from the 74th to 122d. Hartz took all these except four. De Paolo took three and Leon Duray one, according to the recheck.

Dollar Day Items Attract to Gordon's

Council Minutes

Council assembled at 8:15 p. m., May 29, 1922, all members present. Minutes of the regular meeting of May 25 read and approved. Absence of mayor noted. Moved by Councilman Lapham that Councilman Davis be appointed mayor pro tem. Councilman Davis thereupon took the chair.

Lot Cleaning Assessment
Communication asking that lot cleaning assessment paid on lot 7, Glendalia Park tract, in the amount of \$7.97, be refunded to Frank C. Armon, was upon motion of Councilman Stephenson approved and ordered refunded by roll call vote.

Colorado Flood Waters

Referring to telegram received from mayor of San Diego, relative to proposed bill before the legislature, a resolution was presented by Councilman Stephenson and adopted. (The resolution appears elsewhere in The Evening News.)

Advertise for Bids
On motion of Councilman Kimlin the city clerk was instructed to advertise for bids for two air compressor units for Verdugo canyon sewage disposal plant. The council then adjourned.

The phrase palmy days originated in the Roman gladiatorial contests. A victorious gladiator received a palm branch as his reward of heroism.

Johnny Myers and Frenchy to Clash

Johnny Myers, well-known local welterweight boxer and a member of the Glendale fire department, will appear tonight in the regular weekly fight card at the Madison Square Garden, Los Angeles, in the main event of the evening—a four-round bout with Ted Frenchy. Los Angeles 145-pounder. Myers has been going "great guns" in his recent fights and is expected to make a creditable showing in tonight's bout. A number of Glendale fans are planning on taking in the battle.

RADIO EXPLAINED

By E. H. LEWIS

INSTRUCTOR NEW YORK Y.M.C.A. RADIO SCHOOL

CAPACITIVELY COUPLED RECEIVING CIRCUIT
Capacitive coupling is sometimes referred to as "electrostatic" coupling and is secured by coupling two circuits with one or two condensers. The method of using two condensers is illustrated in the figure, and both may be arranged so that their capacity is controlled by one knob. Sometimes both are mounted so that their movable plates are carried on the same shaft, each set of

plates being insulated from each other. When capacitive coupling is used it is advisable to either remove the inductance coils to some distance from each other or to place them at right angles. When this is done there is very little inductive coupling. When a difference in potential exists between the opposed conducting surfaces of a condenser—that is, when a voltage is applied to the condenser—the dielectric is strained. It is this strain that causes the effect in the dielectric, but the effect of too great a strain appears as a rupture of the material in the case of a solid dielectric. A spark would then pass through the hole and the condenser would be "punctured." Such an accident

Do You Pay Taxes? This Will Interest

By W. H. ATKINS
WASHINGTON, May 31.—Special to The Evening News

American taxes will remain higher for twenty-five years longer, chiefly because Europe will be slow in liquidating the debts for war loans made by this government, high administration officials said today.

Foreign debtors offer no hope that they will be able to begin curbing the principal of their obligations until many years have elapsed. Officials thus far have not felt confident that any of the European governments, except Great Britain, can pay even the interest on their debts for many years to come.

American taxpayers are paying about \$1,000,000,000 a year in interest on the country's public debt. More than half of this debt represents borrowings from the people, later loaned to Europe. Europe's debts, therefore, will keep the tax burden heavy until a considerable proportion of the total of \$11,000,000,000 due is paid.

Treasury officials said today that taxes necessary to pay interest on the public debt constitute about one-third of the government's entire revenue.

The hope of officials now is that American investors may find it profitable to divert enough capital abroad in sound securities to help rectify some of the disorders in foreign exchange and eventually improve the fiscal status of the countries listed as debtors for war borrowings from the United States.

CHARGES OF 'PRYING'

WASHINGTON, May 31.—Renewing his charge that Attorney General Daugherty was attempting to intimidate members of congress "by use of the secret service," Senator Caraway, Democrat of Arkansas, declared department of justice agents were "prying into his private affairs" in Arkansas in an effort to halt his accusations in the senate.

MAN SETS JAIL ON FIRE

Prisoners locked in the city jail were nearly cremated when one of them set the jail on fire. The man held responsible for the act of incendiarism is suffering from burns and suffocation. The inside of the jail was badly damaged. The prisoners were rescued from the jail by a narrow margin.

How Much Is Safety Worth?

Recently published statistics tell us that in 1918, 1919 and 1920, fakers and wild cat promoters succeeded in disposing of \$2,000,000,000 worth of fraudulent or worthless stocks, leases, etc., in the United States alone.

The earmarks of these speculative ventures were invariably the high returns which they promised.

Likewise, the safe investment can usually be distinguished by its conservative interest yield.

This Bank will pay you 4 per cent, compounded semi-annually, on your savings. But with this 4 per cent goes the knowledge that your money is absolutely secure and that your interest will be certain and regular.

How much is this safety worth to you?

PLAN AUDITORIUM WITH BLUE SKY FOR ITS ROOF

Open Air Stage to Prove Attraction; News Notes In City's Vicinity

Tujunga at last is to have an open air auditorium commensurate with its needs, says the Record of Verdugo Hills.

Following the general lines of the suggestion by the Record that Tujunga should have some suitable place for theatrical and other entertainments such as the one which Frederick Warde and other players from the Mission Play are to give here on the evening of June 8, a number of enterprising and public-spirited citizens got busy. A rough sketch of what is needed for a stage was made by Wm. McLaren, electrician, and Theo. Vejaj, carpenter, from the Mission Play company. A. F. Wells of the Wells Construction company made an estimate of materials required. On the solicitation of Dr. E. T. Theobald and Mr. Wells the Tujunga Supply company, the Independent Lumber company and the Bentley-Schoenman Lumber company agreed to donate the lumber free of charge, and C. H. Bloodgood, J. Wells Spencer, J. A. Mills and Charles Prince volunteered to do the carpenter work. Mr. Wells, who will superintend the construction, says work will start on the stage Monday morning.

The stage will be twenty by thirty feet in size and will adjoin the open air dancing platform at the foot of Sunset so that the latter can be used for seating the audience. The floor of the stage will be three feet above the platform and will be of good, vertical grain flooring so it can be used for dance pavements. Sheltering live oak trees will give the stage a bit of fine native scenery, which will be harmonized by a screen of palm leaves at the back.

Catholic Bazaar Planned

A bazaar for the benefit of St. Dominic's Parish will be held in St. Dominic's chapel hall, 213 East Myrtle avenue, Eagle Rock, from June 6 to June 10, inclusive. The parishioners are planning to make this bazaar the greatest affair of the kind ever held for the benefit of the church in Eagle Rock.

Bank in New Quarters

The Tujunga Valley bank moved into its new building at the corner of Monte Vista and Sunset on Saturday of last week. On Saturday evening there was an open house in a social way, and change given all to look over the great vault, the fixtures, the safe deposit box system and the equipment.

Sunland to Celebrate

The Sunland Chamber of Commerce at its meeting recently decided to hold an all-day picnic at Monte Vista park on the Fourth of July and appointed a committee consisting of C. H. McDonald, James Kootz and Rudolph Henry to work out details. A jazz orchestra for the dancers, patriotic addresses and a picnic dinner under the great oak trees will be some of the attractions.

Branch in Tujunga

Arrangements have been made with the Glendale Music company to open a branch office in Tujunga. It will be located in the Record building under the management of the owners of the Record and will supply the valley with Victrolas, records, musical instruments and sheet music.

C. of C. Will Meet

The next regular meeting of the Eagle Rock Chamber of Commerce will be held on Tuesday evening, June 6.

Norma Talmadge In 'Smilin' Through' On T. D. L. Screen

Normal Talmadge in "Smilin' Through" is the extraordinary attraction at the T. D. & L. theatre. Here is what Ralph Allan, the manager, has to say:

"Proud, yes, we are proud to present the consummating dramatic achievement of the trust of all screen artists—Norma Talmadge.

"The world hails her as the first to reach perfection in her art; acclaims 'Smilin' Through' as the wonderful symbol of that ascension.

"She offers you—'Love that is an ecstasy of the soul, the awakening of the child heart.

"Love that is a fervent transport, then tragedy, then years of forgetfulness, and—once more—the spectral threat of the olden spoliation.

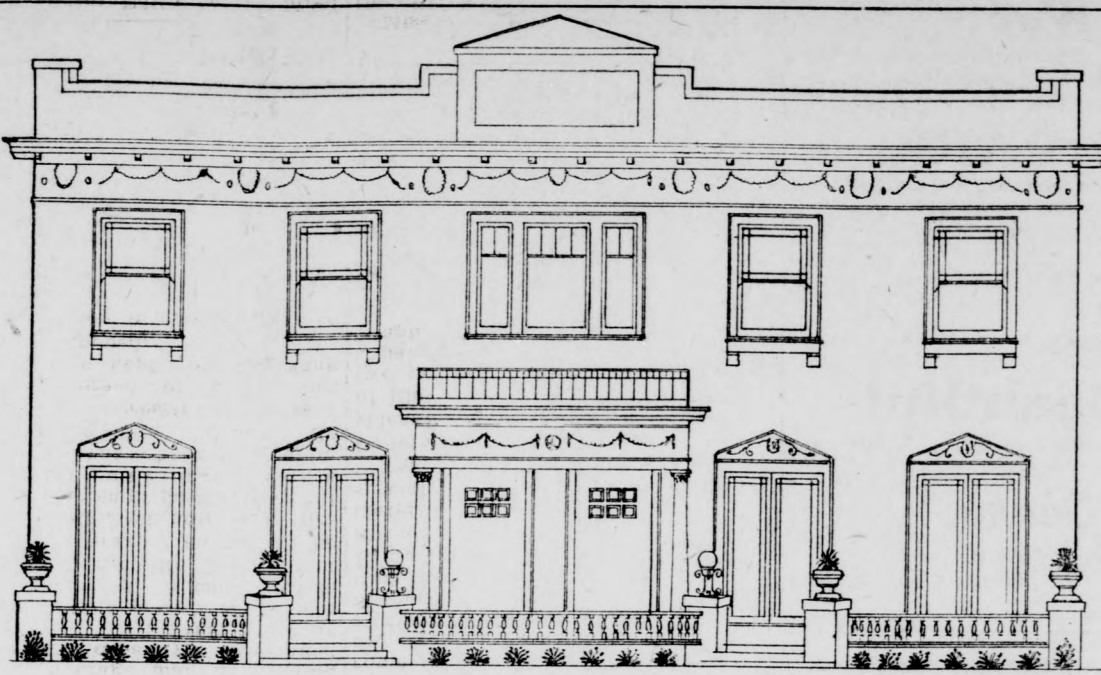

"Elusive, tender, dynamic, overwhelming, her drama knows no bounds but those of human heartstrings.

"One artist only could bring 'Smilin' Through' majestically to the screen. You'll love her in it. And the 3,000 Glendaleans who saw it yesterday will agree with me."

WEALTHY WIDOW FREED

LOS ANGELES, May 31.—After careful consideration Judge Hahn decided that Mrs. Laura S. Fowle, wealthy widow, formerly of Boston, was deceived and defrauded into a marriage with Charles A. G. Blossom, who was declared to have told her he was a graduate of Harvard, a practicing attorney and a member of exclusive clubs. A decree in annulment was granted.

Attractive Four Family New Apartment Building

Architect's drawing of apartment building to be erected at 408-410 1/2 North Jackson by Mrs. M. K. Waterman, the work being done by W. G. Boyd. The lot was sold by E. P. Hayward of Hayward & McCartney.

THERE are many people from the east who have never lived in anything other than a flat. Not only is it an economical mode of abode, but once a flat-dweller, always so, says the man from the roaring town of Philadelphia. In Baltimore, for instance, you can ride for miles and see nothing but flats—each with its white doorstep freshly painted. It was the same in Chicago (with the exception of the white steps) from whence Mrs. M. K. Waterman came in May, 1920.

CALL CONFERENCE OVER REGIONAL IMPROVEMENT

Planning Board to Talk About Needed Changes Throughout County

Delegates from all sections, north, east, south and west of Los Angeles will be in attendance at the Regional Planning Conference to be held at Santa Monica next Saturday. Highways, transportation, subdivision matters, water supplies and similar topics, affecting the surrounding towns and municipalities will be presented by prominent men of this part of the country in an effort to elevate the plane of activity among those in charge of such affairs.

The first session of the conference will open at the municipal auditorium at Ocean Park Saturday morning with George A. George H. Knox to Speak On Efficiency

"Mental sluggishness is the greatest of all causes of failure," asserted George H. Knox of Los Angeles this morning, announcing his course in personal efficiency.

The first lecture of a series of four will be given tomorrow at 8 o'clock at 920 East Broadway in the assembly room of the Harrower Laboratory. Its subject is: "How to Overcome Mental Sluggishness and Develop Mental Energy."

"The average man is running far below capacity," continued Mr. Knox. "As a usual thing he is not running more than 35 per cent of capacity. A most universal delusion in life is the fact that the average man thinks he is doing his best now. He has a million acres of possibilities but he is only cultivating a garden patch. He has a skim-milk opinion of his latest abilities. He thinks that successful men are a different breed of cattle—but they simply keep on growing while he stopped."

"Everybody in town ought to be more anxious to develop mental capacity than any other one thing. It is necessary to be alert to keep abreast of the times. An energized thinking brain is the dominant factor in all achievement."

Casa Verdugo Folk Meet Church Debts

An unusually large congregation for that community assembled Sunday at the Casa Verdugo Methodist church to attend the morning service and celebrate the closing of a ten-day campaign to raise \$10,000 for extension work. After the morning sermon by Dr. James A. Geissinger of Anaheim, subscriptions were taken amounting to \$10,037. This will clear the indebtedness and assist in the improvement of the church. A large majority of those present enjoyed a basket lunch in the dining room, with hot coffee served by the women of the church.

David Black presided at the outdoor meeting and at 6 o'clock, at which James W. Foley was the principal speaker.

At 4:30 o'clock the dedication of the building took place, with services conducted by Dr. W. L. Y. Davis, of Pasadena, Superintendent of Pasadena District, assisted by Rev. V. H. Brink, Dr. Julius Soper and Rev. J. C. Livingston. Anthems were rendered by the choir at all three services. Solo parts by Mrs. J. W. Cotton, Mrs. J. S. Burris, Robert D. Jones; duet parts, Mrs. William Blakie and Mr. Jones; trios, Mrs. Blakie, Mr. and Mrs. Cotton; solos were sung by Mrs. Robert D. Jones, Mrs. Charles A. Parker, Mrs. William Blakie, Mrs. Waldo Winger, Harry Robinson, J. B. Clark.

The church was started ten years ago with seven charter members. They are now holding services in the second building they have erected, and have purchased land on which to erect a church in the near future, retaining the present building for a Sunday school building. Two hundred children now attend the Sunday school.

The scenes include the destruction of a tropic island by a volcanic eruption, with the death of the entire population except two persons, and the burning of a palatial country place on Long Island, New York.

Pathe News and Aesop's Fables complete the bill.
